CUVÂNT ÎNAINTE PENTRU FORMATORI
– educatori, învățători, părinți și bunici –

În fiecare zi căutați și aplicați metode variate pentru a stimula gândirea critică și imaginația copiilor Dumneavoastră. Cartea de față s-a dorit a fi un instrument de lucru util, flexibil și complex.

Aplicându-l, acasă sau la clasă, îi veți determina pe copiii Dumneavoastră să despartă logic și conștient în silabe diferitele cuvinte, de asemenea să numească sunetele existente în fiecare silabă, începând cu cuvinte formate dintr-o silabă, apoi din două, iar la final, crescând gradul de dificultate, până la cuvinte formate din patru sau cinci silabe.

Fiecărei silabe din alfabet îi corespunde o pagină ce conține cincisprezece cuvinte mono-, bi- și plurisilabice (ilustrate prin desene), aceste fișe putând fi folosite cu succes și la lecțiile de asimilare sau la cele de consolidare a literei corespunzătoare.

Lucrarea are avantajul că poate fi aplicată copiilor diferențiat, în funcție de capacitățile intelectuale ale fiecăruia: cuvinte monosilabice pentru copiii mai puțin dotați, cuvinte mono- și bisilabice pentru copiii cu posibilități medii sau mai înceți, și cuvinte mono-, bi- și plurisilabice pentru cei foarte capabili și cu rapiditate în gândire.

Orice lucru mare se construiește cu răbdare.

Vă dorim succes!

Cui se adresează cartea?

- elevilor din clasa I și a II-a;
- copiilor din grupa pregătitoare și celor din grupa mare.

Cum lucrăm cu ea?

- copiii din grupa mare și cea pregătitoare se pot distra desenând liniuțele corespunzătoare numărului de silabe dintr-un cuvânt (cuvânt dedus din imaginea asociată), și punctând sunetele fiecărei silabe. După completarea fișei, ca o răsplată, pot fi lăsați să coloreze imaginile.
- elevii din clasa I vor repeta cu plăcere și cu mai mare usurință despărțirile în silabe, vor colora și ei, dar vor putea, în plus, să scrie litera sau întreg cuvântul cu litere de mână, corect și frumos.
- elevii din clasa a II-a, în cadrul testelor de verificare, vor face un exercițiu de consolidare a cunoștintelor legate de împărțirea cuvintelor în silabe, și a silabelor în sunete.
